PLATINA

your FAITH संज्वा
our DREAMS

Welcome to a dream called "Sanjwa Platina". We have left no stone unturned in creating this dream reality.

Location is the life. Nature of this project, Mirzapur has a great strategic advantage in Mirzapur, near big hospitals.

Just 5 to 10 min

- Close proximity to the Mirzapur International airport.
- Within the heart of the Mirzapur health region nearby.
- Quick Connectivity to the S. G. highway which is the entertainment and commercial hub of the city.
- GRT city, and the best government hospitals in close vicinity.
- Well connected to all the major highways in and out of the city.
- The clean and green surroundings of the facility with the well developed road network and infrastructure.

Over and above this the Quality and experience of Sanjwa Group. We have all benchmarks in the quality of construction as well as the quality of the facilities provided through our projects.

This project is an exception but a stage higher than what we achieve usually. We are amongst the first developers of the city to provide machine B.C.C. ground water structure for a building. That makes the building with great strength. It is also one of the first projects of the city to have all the many amenities in one place. It is a rare vision of a well planned and built facility.

We wish to provide a better quality of life and enjoyment along with your home. Please visit our website to know more.

site PLAN

संगथ
PLATINA
experience the platinum privilege...
